

Parkland Secondary School Plan

2017-18

School Goal Statement: The courses and programs that Parkland offers will be *innovative*, they will *inspire* students, and they will be *inclusive* of all students.

1. **Rationale:** Parkland has seen decreasing enrolment over a number of years and in some programs in particular. With the advent of the new curriculum, and the plans to offer the IB program, this is the ideal time to put energy into our teaching practices.
2. **Strategies:**
 - a. **Taking Action:**
 - i. Parkland continues to prepare to offer the IB program and teachers have had additional training as part of the accreditation process.
 - ii. We have adjusted our bell schedule to allow time for Department meetings, Subject Chair meetings, and IB teacher meetings on Wednesdays after school.
 - iii. At each staff meeting the professional development section of the meeting will be focused on a core competency and/or one component of the IB learner profile (rather than a department presentation)
 - b. **Checking/Results:**
 - i. We will check student engagement results as collated in the OurSchool Survey.
 - ii. We will tabulate enrolment numbers for September 2018 to determine if enrolment has increased.
