

School Goal Statement #1: The courses and programs that Parkland offers will be *innovative*, they will *inspire* students, and they will be *inclusive* of all students.

1. **Rationale:** Parkland has seen decreasing enrollment over a number of years and in some programs in particular. With the advent of the new curriculum, and the start of the IB program, this is the ideal time to put energy into our teaching practices.
2. **Strategies:**
 - a. **Taking Action:**
 - i. Parkland has become an accredited IB World School and will offer the IB Diploma Program beginning in September 2018.
 - ii. We are planning a school start up professional development day in August followed by a staff retreat in October. The professional development theme will be the blending of the core competencies (new curriculum) with the IB Learner profile and embedding these across all subjects in all grades.
 - iii. We will continue with the practice of having a professional development focus at our staff meetings. Departments will take turns presenting how they embed the Parkland descriptors (innovation, inspiration, inclusion) and the core competencies into their classes.
 - b. **Checking/Results:**
 - i. We will check student engagement results as collated in the OurSCHOOL survey.
 - ii. We will tabulate enrollment numbers for September 2018 to determine if enrollment has increased.

School Goal Statement #2: Parkland staff will model healthy active living and will find ways to increase students' physical activity while at school.

1. **Rationale:** Some measures from the OurSCHOOL survey indicated that students at Parkland were below average in the number of hours per week they spent doing moderate and intense physical activity. This likely has an effect on mental health and academic achievement. Staff believe that it is important to both model daily physical activity and provide opportunities for students to participate in daily physical activity.
2. **Strategies:**
 - a. **Taking Action:**
 - i. Highlight individual staff members health routines or accomplishments (website, school TVs).
 - ii. Have a "health spot" on the announcements/website once a week.
 - iii. increase active participation in the Terry Fox Run and in the Times Colonist 10K run (staff and students).
 - iv. Continue to increase our practice of taking students out to do a lap around the track.
 - v. Encourage students to take a PE or Dance class in grade 11 and 12.
 - vi. Offer opportunities for students to use the Mezzanine for work outs.

b. Checking/Results:

- i. Compare next year’s physical activity responses (OurSCHOOL survey) to this years to determine if progress has been made.
- ii. Tally how many students actively participate in the Terry Fox Run, the Times Colonist 10K and the frequency of use of the gym and mezzanine before and after school and at lunch.

Student Achievement Data:

- 1. Engagement Data: OurSCHOOL Survey % of students who are interested and motivated

OurSCHOOL Survey	2015-16	2016-17	2017-18
National Mean:	28%	28%	28%
School:	36%	39%	40%

- 2. Physical Activity Data: OurSCHOOL Survey – Hours per day each student spends doing moderate physical activity

OurSCHOOL Survey	2015-16	2016-17	2017-18
National Mean:	.90	.90	.90
School:	.68	.68	.70
